

Presentation Lectern

Walk up . . . Connect . . . Present . . . It's as easy as that!

The Gordon Presentation Lectern lets you start your presentation quickly, without spending time looking for cables and cords to connect your laptop to the room's projection system. The connectors are built into the Lectern. The Presentation Lectern also allows for connection to your institution's network. The Presentation Lectern provides several features to minimize your presentation worries:

Audio System built in, complete with speakers, controls, and a microphone

Conference Timer to monitor the progress of your presentation

Prewired, High-Density VGA Switcher for switching your computer's display output between external display devices, such as a projector and a monitor

AC Power Box with hospital grade surge protection

Space for Your Desktop Computer including a keyboard drawer — no need to use your laptop

Video Presentations with space for a VCR or DVD player (VCR-DVD combination player *sold separately*)

Security with locking doors (*optional*)

Wheels for portability

Dimensions 25¼" wide, 20" deep, 46" high

Weight 130 pounds

Fully assembled — it's ready to go!
